

**SPEERS**  
CONSTRUCTION INC.  
IT'S ABOUT  
PERFORMANCE

## Pipeline Construction

Speers has taken on pipeline contracts involving 36, 48, 54, 60, 84, 96 and 108 inch welded steel pipeline, penstock and connection facilities. All pipeline construction, demands a very high level of operational and technical skills. With safety and environmental management a top priority Speers meets all the demands and delivers on time.
